1. The first part of the report is a general description of the project and its objectives. This section should provide a clear and concise overview of the work that has been done and the results that have been achieved. It should also include a brief discussion of the methods that were used and the limitations of the study.

2. The second part of the report is a detailed description of the results of the study. This section should provide a thorough and complete account of all the data that were collected and the analysis that was performed. It should also include a discussion of the significance of the findings and the implications for future research.

3. The third part of the report is a conclusion and a list of references. The conclusion should summarize the main findings of the study and provide a final assessment of the project. The references should list all the sources of information that were used in the study.
